4 Accounting for retirement benefits

The University of Chichester is a member of the University Superannuation Scheme (USS), a defined pension scheme. The University's liability for retirement benefits is measured using the actuarial method. The actuarial method involves estimating the present value of the benefits payable to members of the scheme, taking into account the expected future contributions and the expected future costs of the scheme. The actuarial method is based on the actuarial assumptions set out in the actuarial valuation report for the year ended 31 July 2019.

The University's liability for retirement benefits is measured using the actuarial method. The actuarial method involves estimating the present value of the benefits payable to members of the scheme, taking into account the expected future contributions and the expected future costs of the scheme. The actuarial method is based on the actuarial assumptions set out in the actuarial valuation report for the year ended 31 July 2019.
